## How to configure lighting control for a facade setting

Before using the cheat sheet, please make sure you have the basic Casambi App knowledge for creating a network, pairing devices, creating groups and enabling control hierarchy. For more information, please refer to the tutorial videos on: https://casambi.com/training/

### Scenario

#### **Facade with RGBW luminaires**

- Everyday: All days: Lights turn on at sunset and turn off at sunrise.
- Specific day: Pride day: An animation scene will be activated at sunset time and switched off at sunrise.

## Key Programming Overview

#### 8 Scenes

- Everyday All lights: White color, 80%.
- Red/Orange/Yellow/Green/Blue/Purple All lights: Respective color, 100%.
- Pride day Animation composed by the basic scenes (Red/ Orange/Yellow/Green/Blue/Purple) that will repeat after the last animation step.

### 2 Timers

- All days ON Sunset time OFF Sunrise time: Triggers the Everyday scene.
- Date timer ON Sunset time OFF Sunrise time: Triggers the Pride day animation.

STEP 1: SCENE	Casambi App	$\longrightarrow$	Scene
---------------	-------------	-------------------	-------

eryday [3] Name Everyda Select Hidden if you wish to hide Davlight the scene from the user view. In this case, let's hide the C  $\bigcirc$ color scenes. 0 G Select a color for the scene icon. M qwertyuiop Select an icon for asdfghjkl ( the scene ☆ z x c v b n m ⊗ 123 🔪 return × J (

> Push and hold the group to open the screen configuration, where you can set the dim level, color temperature, color and color saturation.

Add more scenes by using the "+" at the top of the Scenes tab.

Repeat this process to create the color scenes (Red/Orange/Yellow/Green/Blue/Purple).
